Konten blo disfala comic storibuk hem beis lo infomeisin oketa kolektem inseed fiv fala komuniti woksops (Ontong Java, Kukum Fishin Vilice, Aekafo – Feraladoa, Win Vali an Jabros). Olsem pat blo developmen lo inclusive, diasta – resilien, selta gad fo Solomon Islansfo Habitat fo Humaniti. Disfala comic hem bien develop olsem pat blo klaemiate Resilien Honiara project, UNFCCC Adaptasin fan na fandim an administat bae UN – Habitat.

The content of this comic storybook is based on information collected in five community workshops (Ontong Java, Kukum Fishing Village, Aekafo-Feraladoa, Wind Valley and Jabros), as part of the development of an inclusive, disaster-resilient, shelter guide for Solomon Islands for Habitat for Humanity.

The comic has been developed as part of the Climate Resilient Honiara project, funded by the UNFCCC Adaptation Fund and administered by UN-Habitat.
